The Fuller Hamlets Staff will provide an exciting and developmentally appropriate experience for the mini campers.

Mini Campers session last two hours each day for five days.

Hamlets Mini-Campers will learn the FUNDamentals of soccer while playing fun low impact games which hone the skills of the individual in manner that the child is engaged and developing competence in their abilities

First time campers explore and learn how to interact with their peers as they embark on a wonderful adventure of soccer. Campers develop a sense of competence and confidence as they participate in a fun and rewarding skills program for children ages 4-6 yrs.

This camp is designed to teach the basic skills and introduce the rules of the game. It is a great environment for an inexperienced young player. Our professional staff coaches focus on providing a positive and fun-filled atmosphere. The fundamentals are the focus, a strong technical foundation is a key element to the development of soccer players.

Mini Campers training is built into a curriculum that teaches technical ability, agility and balance. Children are introduced to soccer in a fun and rewarding manner which provides recognition for the young player. The clinic is a combination of skill learning and games. Children are taught the basics of the game.
